Milesight

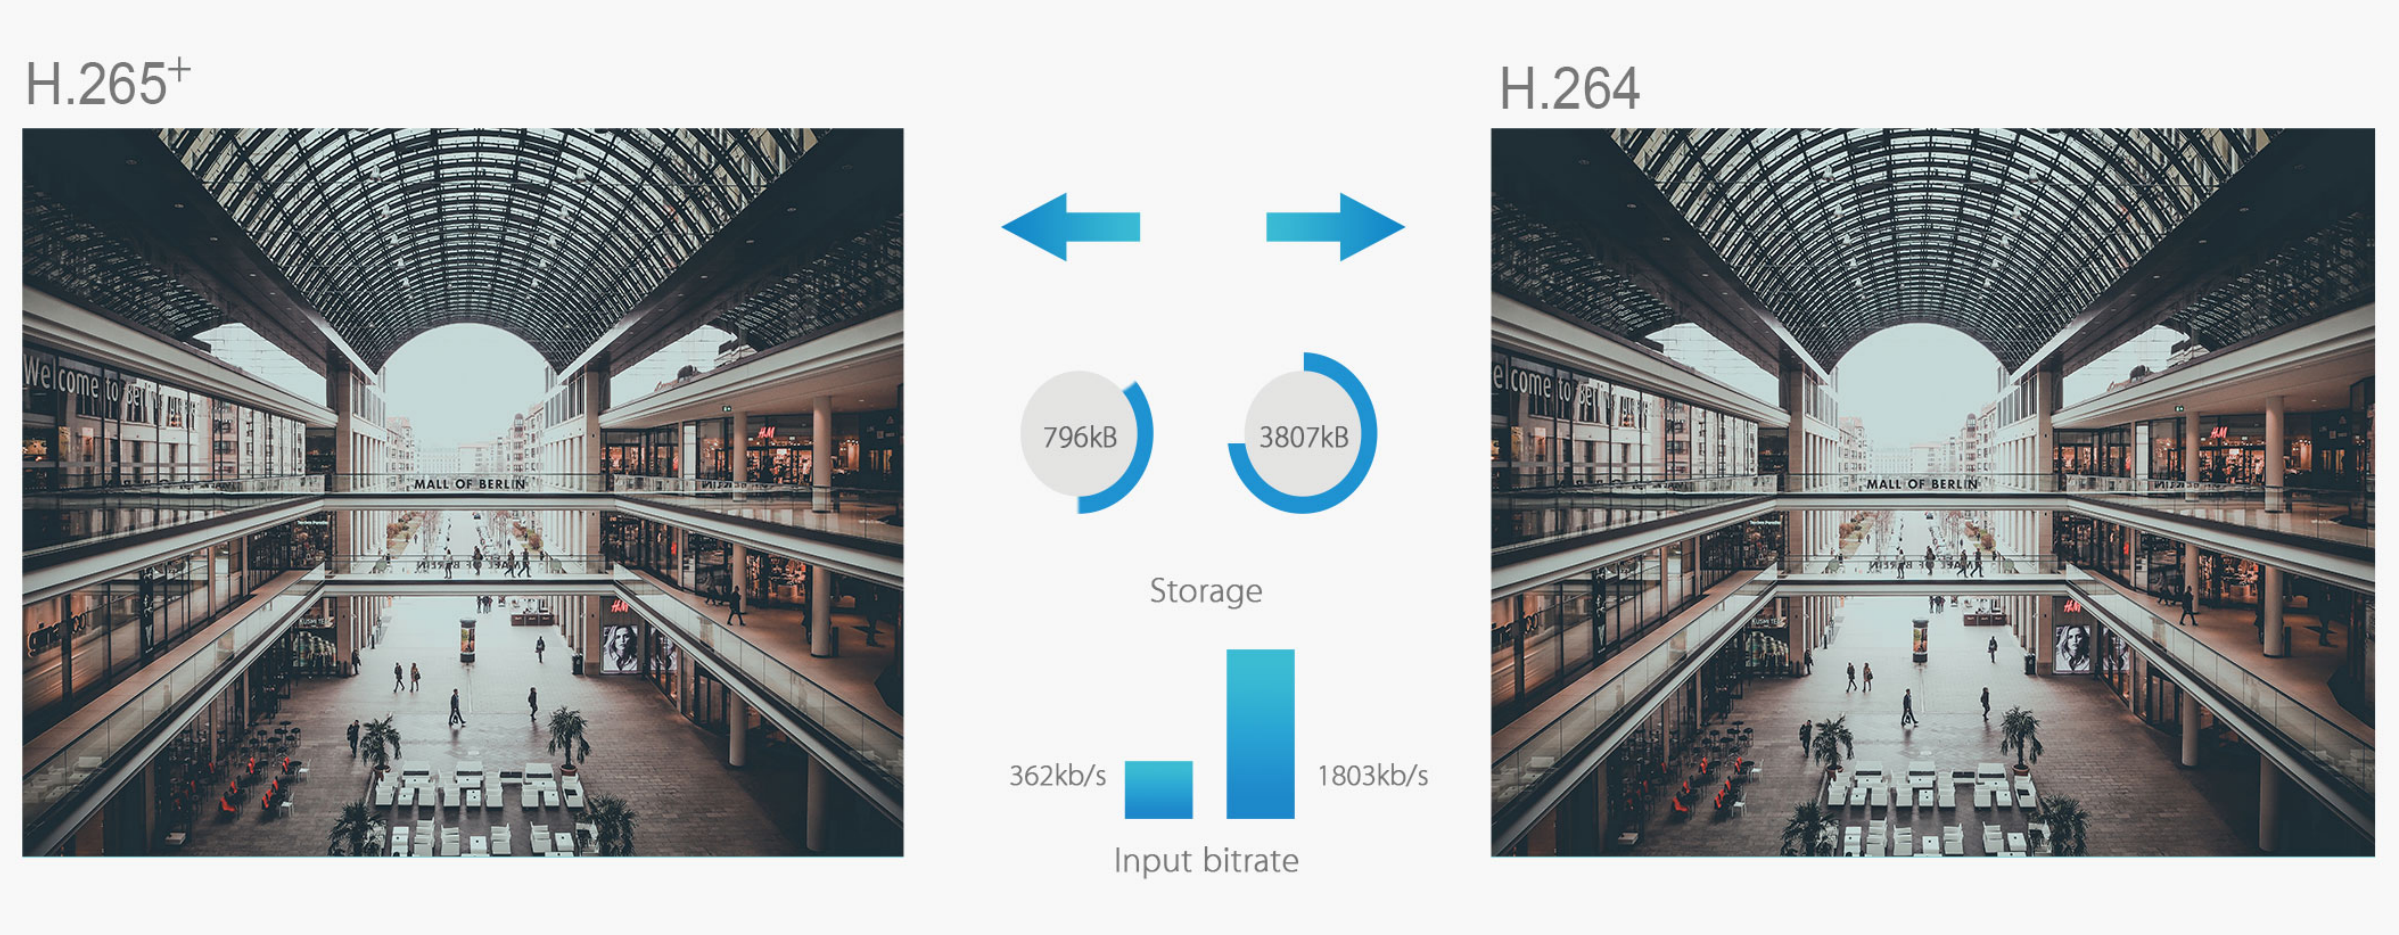
H.265⁺ AF Motorized Mini Dome Network Camera

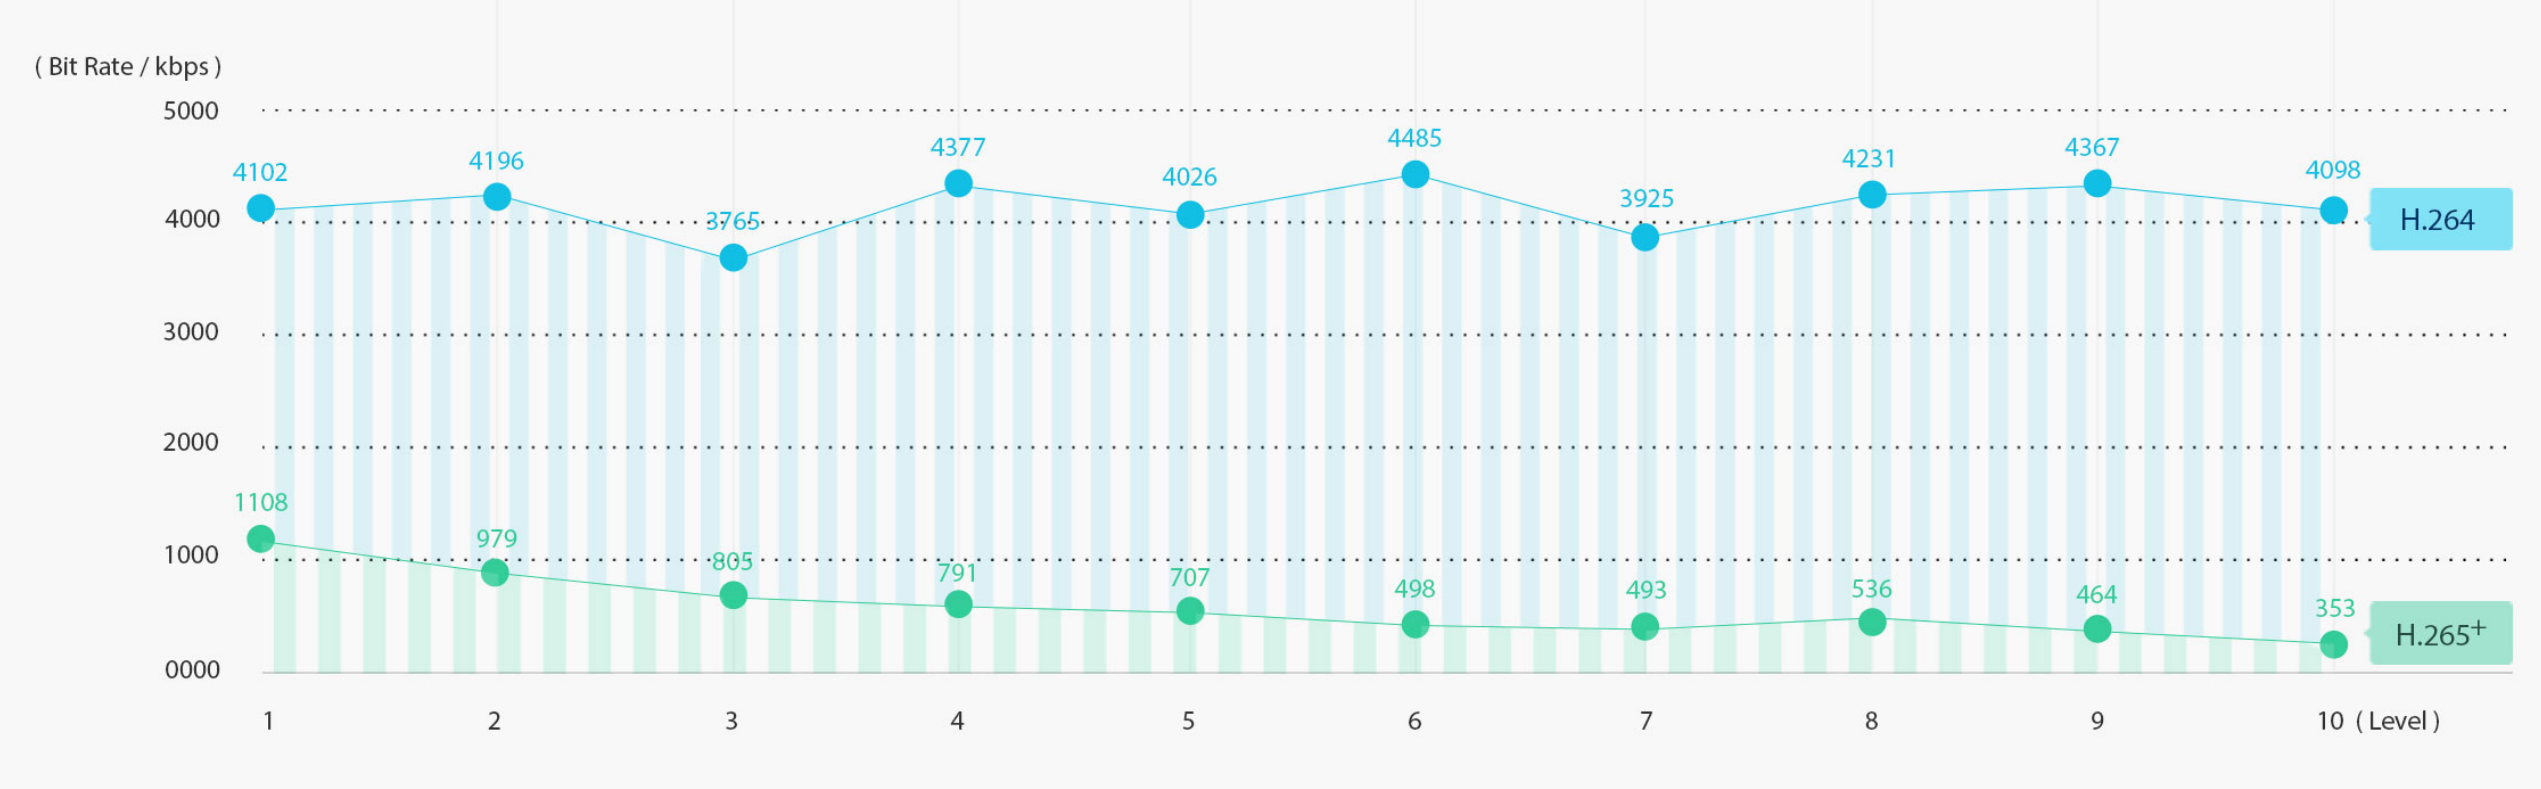
IP67 IK10

Small · Simple · Powerful

AF Lens is a market-oriented and value-add feature to a network camera. As a member of the Mini Series, the camera is distinguished from the fixed lens models to bring different user-experience, satisfying requirements flexibly.

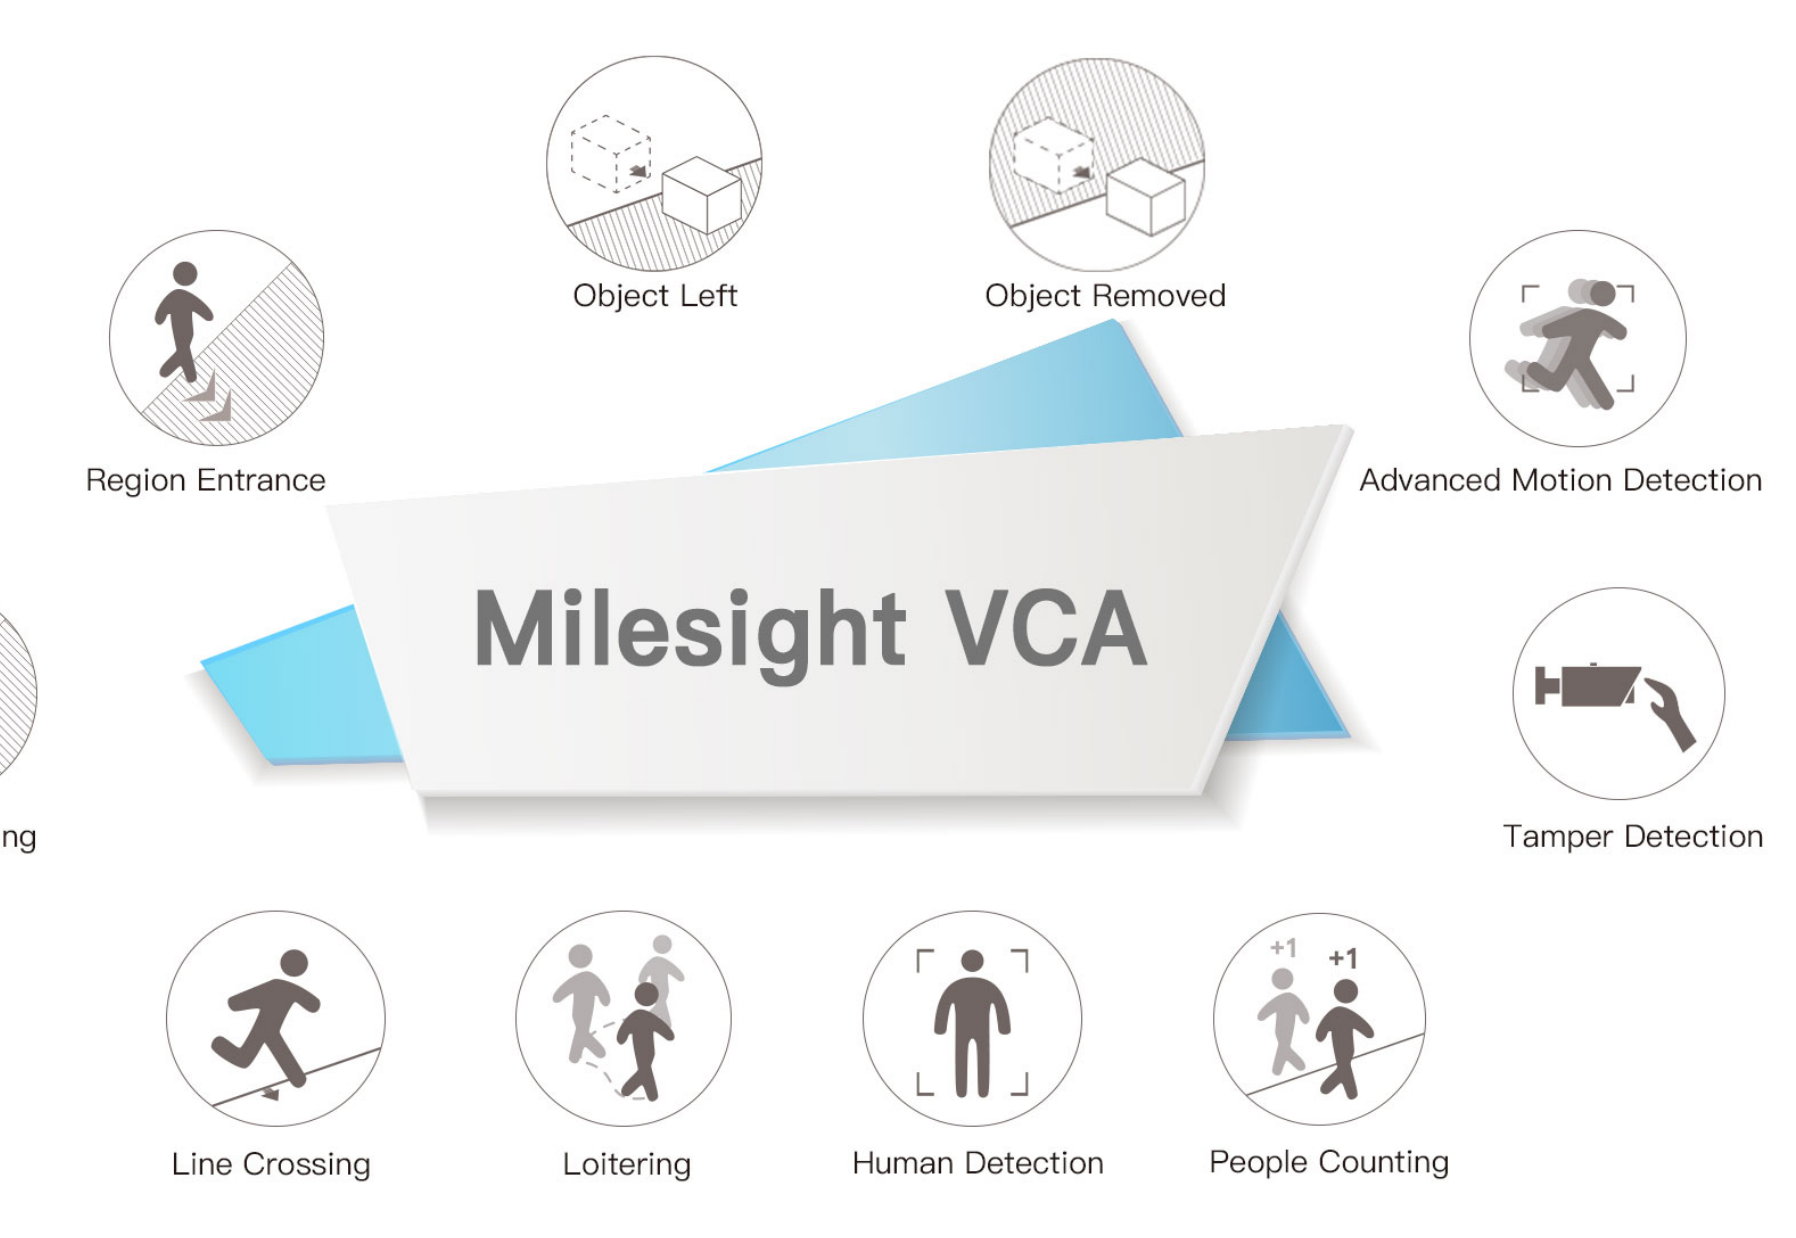
Leading-edge H.265⁺ Compression





H.265⁺, the advanced video codec, saves 70%~80% bandwidth compared with H.264

Video Content Analysis



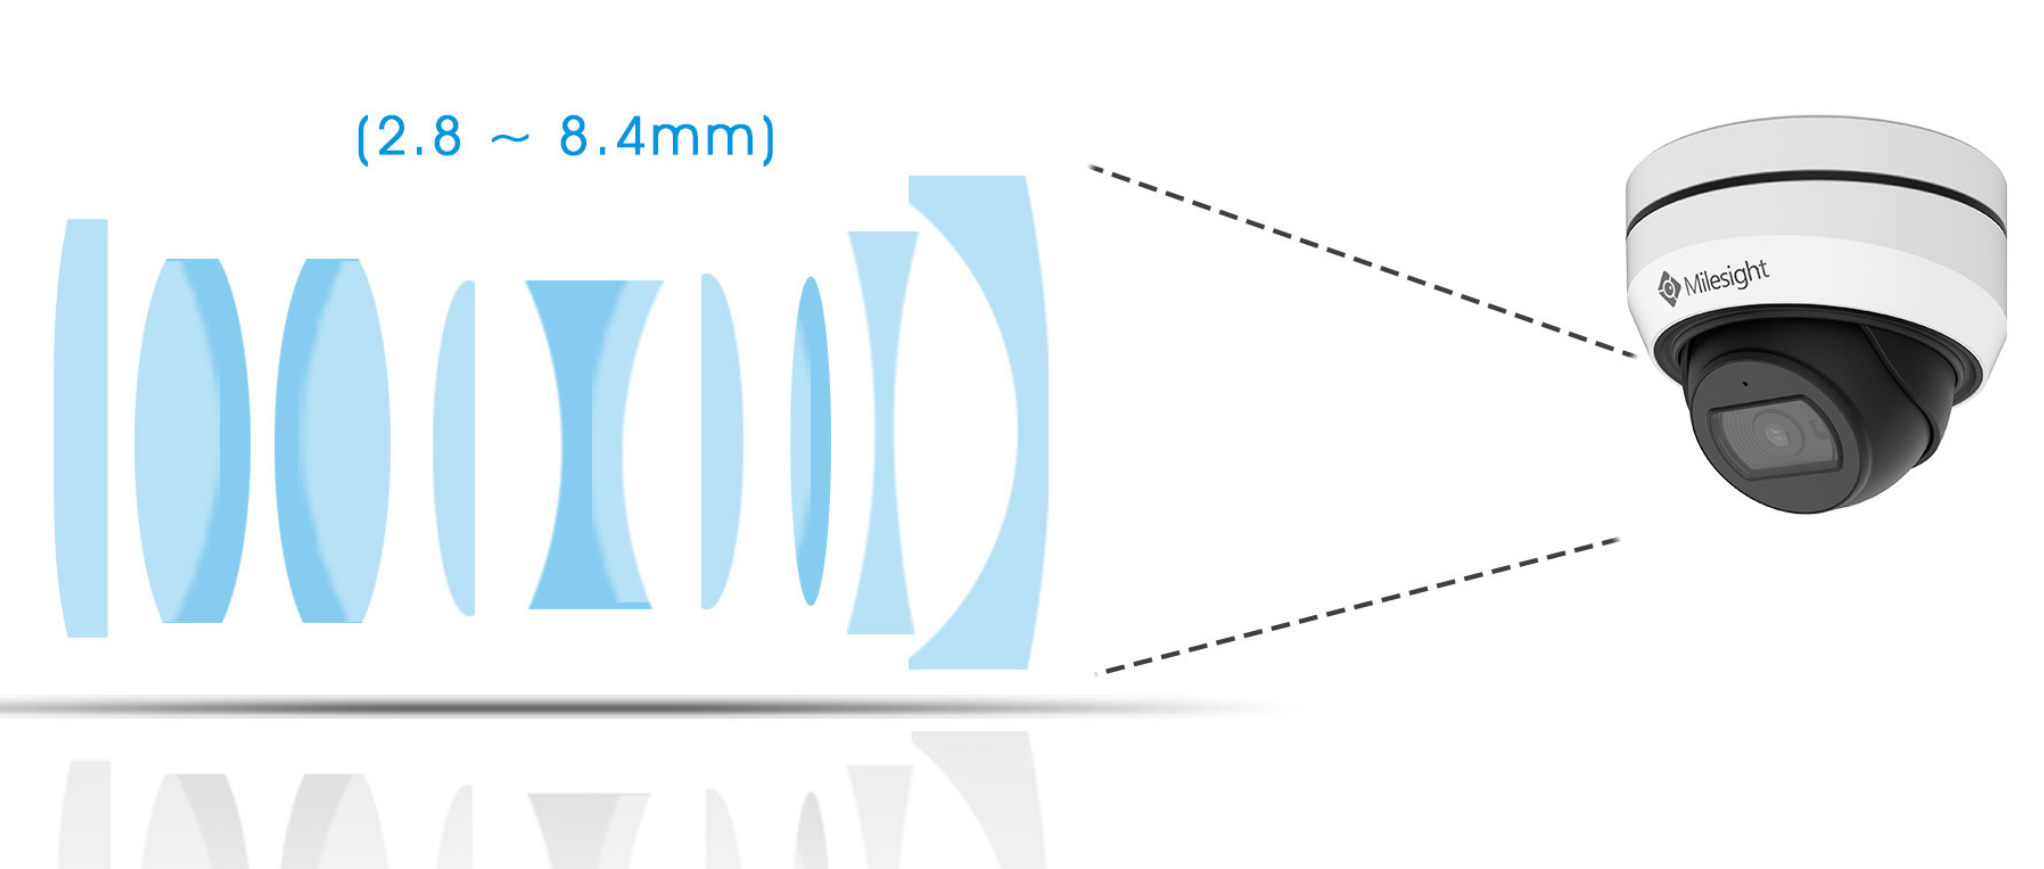
Milesight VCA with 10 detection modes provides advanced, accurate smart video analysis for Milesight network cameras, enabling the comprehensive surveillance function and quicker response to different monitoring scenes.

IP67&IK10

IP67 IK10

Sharply contrasting to the mini size, the H.265⁺ AF Motorized Mini Dome Network Camera features the industry leading IP67-rated weather proofing and IK10-rated vandal proofing, which allow to protect the camera against adverse impacts to ensure the robust performance.

3x Optical Zoom



The 3x Optical Zoom can zoom in to distant subjects while still maintaining the clarity, delivering high quality video over the entire image.

0.002Lux Ultra Low-light

by AF Motorized Mini Dome
by Smart Phone

The H.265⁺ AF Motorized Mini Dome Network Camera is able to deliver high detailed color images even in the low light environments reaching 0.002Lux (Color) or 0Lux (B/W), and near infrared light environments without any supplementary lighting.

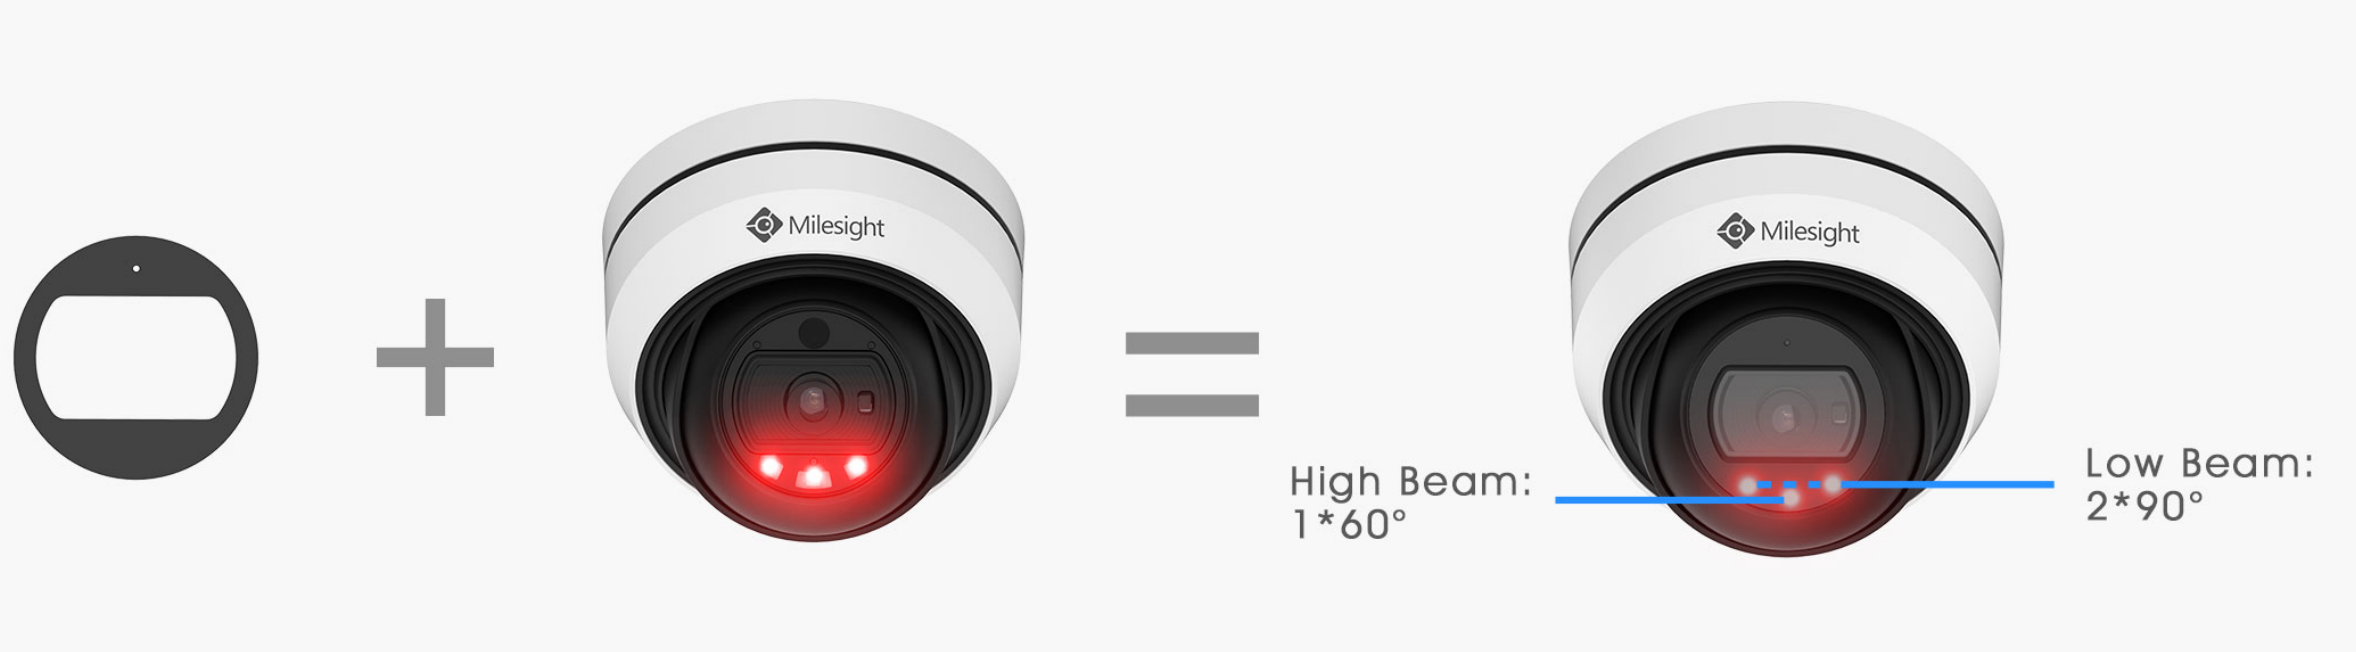
140dB Super WDR

Milesight Super WDR OFF
Milesight Super WDR ON

Milesight's sensor-based WDR technology allows the H.265⁺ AF Motorized Mini Dome Network Camera to record greater scene details with true color reproduction even under the extreme back light and high contrast conditions. The ratio that the brightest light signal values divided by the darkest light signal values is up to 140dB.

Revolutionary IR Performance

Smart IR Ⅱ Technology



To maximize the IR performance, the H.265⁺ AF Motorized Mini Dome Network Camera innovated both in the structure and technology. The advanced Smart IR II technology guarantees superb IR performance with the combination of one High Beam and two Low Beams and adjustable illumination intensity. The infrared light transmittance is greatly increased with IR anti-reflection panel which is well designed for better IR effect.

3-Axis Mechanical Design

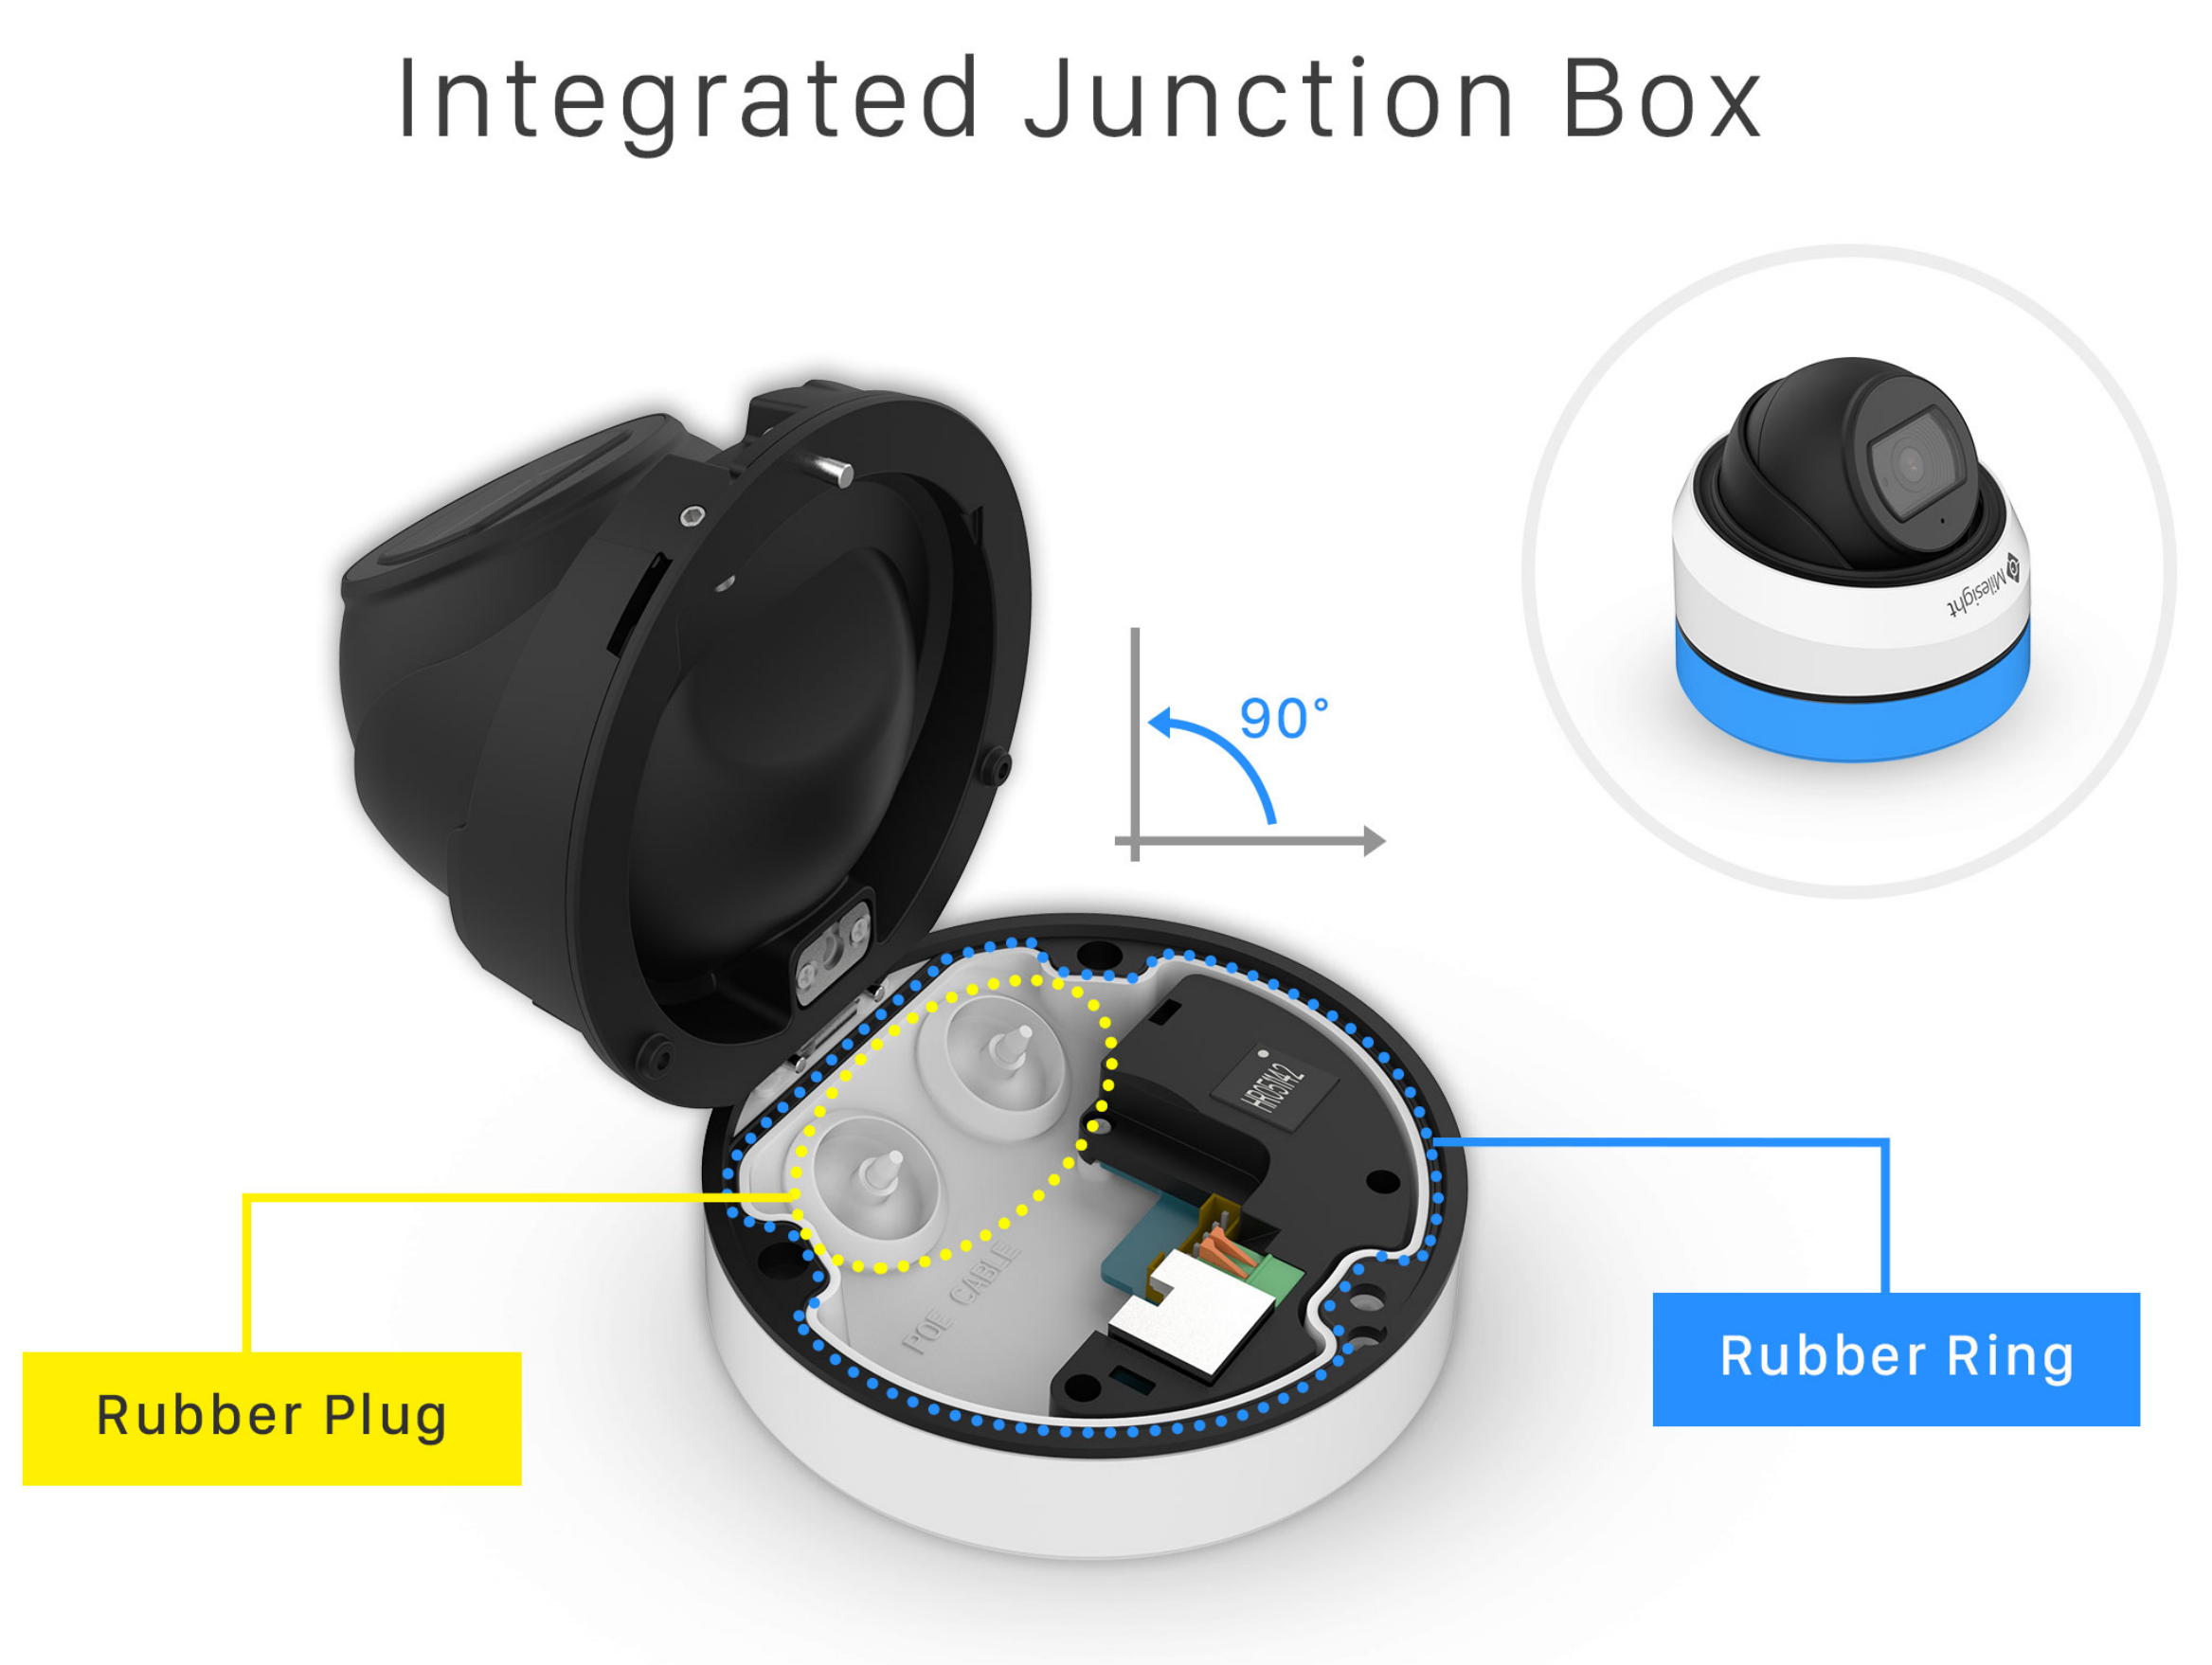
The H.265⁺ AF Motorized Mini Dome Network Camera features 3-axis mechanical design for fast and easy adjustment of the camera's viewing angle, allowing you to position the camera precisely.

Advanced Built-in Microphone

Microphone

With the built-in microphone which adopts the advanced codec, the H.265⁺ AF Motorized Mini Dome Network Camera is able to provide clearer voice. It is worth mentioning that Milesight uses PTFE Membrane to safeguard the built-in microphone, ensuring IP67-rated weather proof capability for reliable performance.

Integrated Junction Box

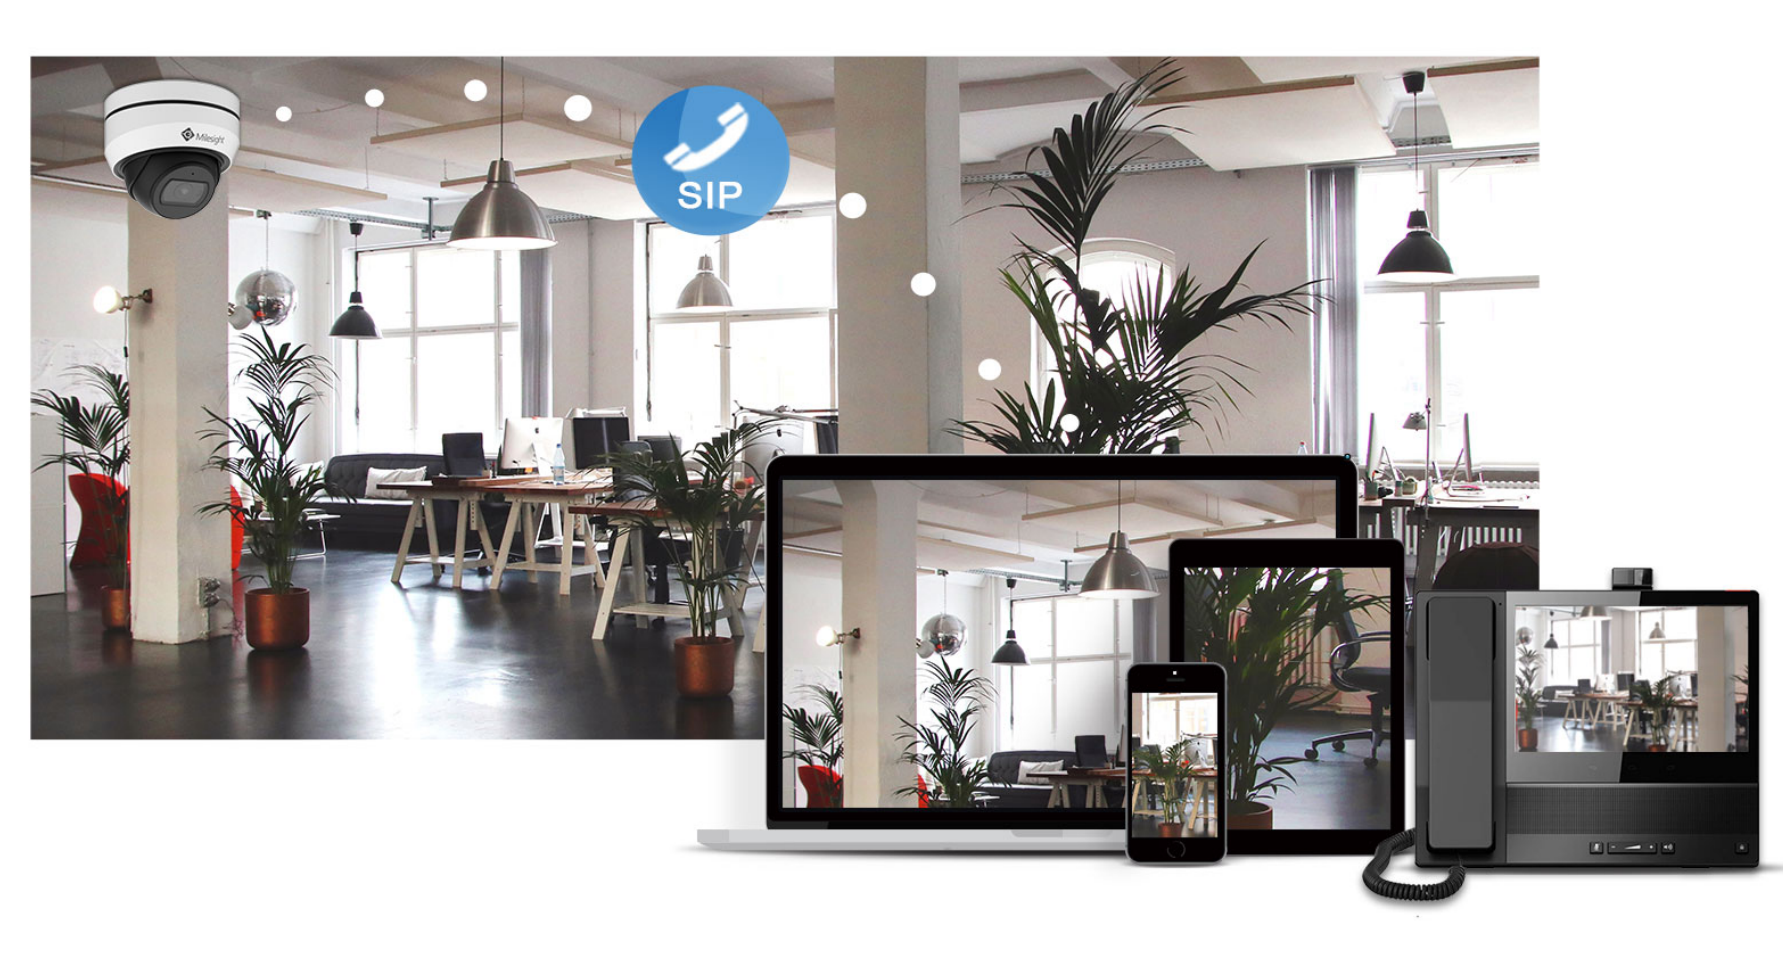


The well-designed Integrated Junction Box especially the Clamshell structure, ensures efficient and simple installations. It enlarges the space to make cable connection neat and as easy as a piece of cake. With the help of the rubber plugs and rubber ring which guarantee IP67-rated weather-proof capability, the Junction box is able to offer stable operation in any tough conditions.

Two Colors Available

Available in White and Black, the H.265⁺ AF Motorized Mini Dome Network Camera provides more choices for your preference.

SIP/VoIP Support



Milesight H.265⁺ AF Motorized Mini Dome Network Camera features industry leading SIP/VoIP function and video streaming for mobile phones and video phones.
