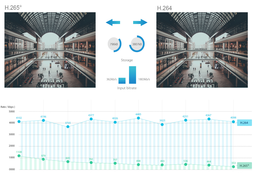
Milesight

THE ALL-NEW H.265+ MINI BULLET NETWORK CAMERA

INSISTENCE NEVER COMPROMISE

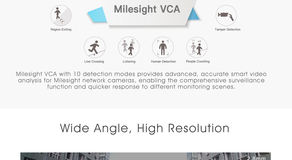
- 2.8mm 120° Ultra Wide Angle Lens
- Smart IR II Technology
- IR Anti-reflection Panel
- Stunning H.265+ Codec
- 140dB Super WDR
- Starlight 0.002Lux

Leading-edge H.265+ Compression



H.265+, the advanced video codec, saves 70%~80% bandwidth compared with H.264

Video Content Analysis



Milesight VCA with 10 detection modes provides advanced, accurate smart video analysis for Milesight network cameras, enabling the comprehensive surveillance function and quicker response to different monitoring scenes.

Wide Angle, High Resolution

Applied with 2.8mm ultra wide angle lens, the camera is able to catch more than 120° angle of field, which is the leading level of the industry. And the resolution up to 5MP guarantees superior image details under wide angles.

IP67&IK10

Supporting IP67-rated weather proofing and IK10-rated vandal proofing which are the leading level of the industry, the camera is well protected against adverse impacts to ensure the performance.

0.002Lux Ultra Low-light

The Vandal-proof Mini Bullet Network Camera is able to deliver high detailed color images even in the low light environments reaching 0.002Lux (Color) or 0Lux (B/W), and near infrared light environments without any supplementary lighting.

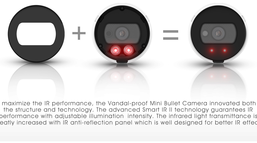
140dB Super WDR

Milesight's sensor-based WDR technology allows the camera to record greater scene details with true color reproduction even under the extreme back light and high contrast conditions. The ratio that the brightest light signal values divided by the darkest light signal values is up to 140dB.

Inimitable Mini Bullet

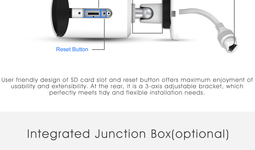
Sticking to the original design language, the Vandal-proof Mini Bullet is redesigned while maintain Milesight style. The weight and size are greatly reduced from 765g to 450g and from 76mm x 208mm to 64mm x 160mm respectively, which makes the camera a truly MINI bullet with no compromise on the functionality.

Revolutionary IR Performance



To maximize the IR performance, the Vandal-proof Mini Bullet Camera innovated both in the structure and technology. The advanced Smart IR II technology guarantees IR performance with adjustable illumination intensity. The infrared light transmittance is greatly increased with IR anti-reflection panel which is well designed for better IR effect.

Unique Structure Design



User friendly design of SD card slot and reset button offers maximum enjoyment of usability and extensibility. At the rear, it is a 3-axis adjustable bracket, which perfectly meets tidy and flexible installation needs.

Integrated Junction Box(optional)

The well-designed Integrated Junction Box ensures efficient and simple installation. It enlarges the space to make cable connection neat and as easy as a piece of cake. With the help of the rubber plugs and rubber ring which guarantee IP67-rated weather-proof capability, the Integrated Junction Box is able to offer stable operation in any tough conditions.

SIP/VoIP Support

Milesight H.265+ Vandal-proof Mini Bullet Network Camera features industry leading SIP/VoIP function and video streaming for mobile phones and video phones.
